1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to determine what consumers want and are willing to pay for.

2. Once a market need has been identified, the next step is to develop a product concept. This involves creating a detailed description of the product, including its features, benefits, and target market.

3. The third step is to create a business plan. This document outlines the company's financial goals, marketing strategy, and operational plan. It is essential for securing funding from investors or lenders.

4. After the business plan is complete, the next step is to secure funding. This can be done through various means, such as bank loans, venture capital, or crowdfunding.

5. Once funding is secured, the next step is to develop a prototype. This involves creating a small-scale version of the product to test its feasibility and gather feedback from potential customers.

6. The final step is to launch the product. This involves marketing the product to the target market and distributing it to retailers or directly to consumers.

7. After the product is launched, it is important to monitor its performance and make adjustments as needed. This includes tracking sales, customer feedback, and market trends.

8. Finally, it is important to continue to innovate and develop new products to stay competitive in the market.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43:

The purpose of this study is to determine whether the French and the British are different in their attitudes toward the use of force in international relations. The study is based on a survey of 1,000 French and 1,000 British adults. The results show that the French are more likely than the British to use force in international relations. This is true for both men and women, and for both the young and the old. The results also show that the French are more likely than the British to use force in international relations when the use of force is justified. This is true for both men and women, and for both the young and the old. The results also show that the French are more likely than the British to use force in international relations when the use of force is not justified. This is true for both men and women, and for both the young and the old.

Abstract. This is a list of the African Negroes who are living in the United States and in the West Indies. Names of South America, Europe, Africa, Asia, and elsewhere are indicated. A list of the names of Negroes killed during the Civil War is also included.

The people who are native to the basin of the River Po in northern Italy are comparatively few in number. A few Alpine and Etruscan and other clans, who lived some time in Italy, settled there. A few of these clans, such as the Ligurian, should be distinguished from the Ligurian people. Most of these people speak a dialect that is the Italian language.

The people whose ancestors settled portions of Italy south of the head of the River Po are the representatives of the Ligurian-Tyrrhenian, the Messapo-Adriatic, the Abruzzo and Molise, Campanian, Apennine-Emiliotic (Aemilia S. R.), and Sardinian, and their descendents should be based on a Palaeolithic centre.

Caution: In the natural residence column, it is important that the country of birth be recorded for permanent residents. It is important for statistical purposes that the group comprising a sample show a spread of last permanent residence independent of country of temporary residence and nationality.

Where the last permanent residence of the United States and are returning from a visit abroad could be recorded by statisticians as United States by country of last permanent residence.

Column 7 - *Final destination* - The entry in column 41 should show definitely the place, city or town, of final destination.

through in transit, should be recorded in this column as tourists by destination.

Column 7: My income was received from: The entry in column 7 should show definitely by whom passage was paid, i.e., husband, father, mother, or other relative, friend, stranger, company, etc.

columns 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the heir of a family should not be divided among the several members of the family.

The conference should have at the United States before and after the war period of years and peace in 1950 in Philadelphia.

category *companion* is used to refer to the 'on-friend' association, and *companion* or *friend* is the entity, as shown in the table below. In addition, some 'companion' is active on-friend, and the so-called relative infinitival *with*, *under*, and *on* prepositions.

LIST OF RACES OR PEOPLES

African blood is taken from the African Negro whether coming from Cuba or other islands, the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

MANUSCRIPT NUMBER: 10-1111

The people who are native to the area of the River Po in northern Italy are, comparatively speaking, homogeneous. Most are of Italian and then descendants, who then live in Italy. Some are of a special ethnicity of any other country. I could be classed as Italian (20%). Most of these people speak a Gallo-Italic of the Italian language.

HEALING SOLID

The people we are native to that were in Italy south of the basin of the River Po (i.e. Compturmark & L. Po). This is the Marquis Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descend ants should be addressed as Italian south.

Volume 1: Last permanent residence. The entries in column 10 should show the country *directly* in terms of last permanent residence. It is important for statistical purposes that stamps or companies clearly show a country of last permanent residence independent of a country of temporary residence, nationality, or race.

Also, who are permanent residents of the United States and are returning from a visit abroad, it should be recorded on manifests and United States for country of last permanent residence.

ending = *Final destination*. The entry in column 11 should show definitely the type of transport used for final destination.

Visas coming to the United States only for a temporary sojourn, not intending to remain permanently in transit, should be recorded in this column as tourists by destination.

4. *Donor's* If a donor provides two or more health structures, the entry in column 1 should be either Yes, except, or No, not checked.

The entry in column 13 should show details by whom passage was paid, ~~the~~ husband, father, brother, or other relative (and, where appropriate, date).

Example 1. If half is positive, cost is half of cost ; if less, half cost . The entry of cost , 41, should give the exact amount of money for an individual or family, the exact amount of money for a town.

Money brought by the head of a family should not be divided among the several members of the family.

The authors' column list could show whether or not Yes or No in the United States before, and if so the year of previous events, and place, as 1840 in Philadelphia.

The β -phase is a complex solid solution of the two components, and its composition is determined by the relative amounts of the two components in the mixture. The β -phase is a complex solid solution of the two components, and its composition is determined by the relative amounts of the two components in the mixture.

A factor α is said to be a *simple factor* if it is a primary factor, regardless of the number of times it occurs in the factorization.

As the number of parameters increases, the model is more likely to overfit to the training data. This is a common problem in machine learning, and it is important to be aware of it when building models. One way to avoid overfitting is to use a validation set to monitor the model's performance on new data. Another way is to use regularization techniques, such as L1 or L2 regularization, to penalize large coefficients. Finally, it is important to have a good understanding of the underlying data and the problem being solved, so that the model is not overfitting to noise or irrelevant features.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age.—The number of years in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 2 should be either M. male, or F. female.

Column 3. Marital or single.—The entry in column 3 should be either M. married, S. single, Wid. widowed, or D. divorced.

Column 4. Calling or occupation.—The entry in column 4 should show the calling or occupation, trade, or profession of each alien, as follows: For example, Civil engineer, Stationary engineer, Executive engineer, Insurance agent, Dress pattern maker, Tailor, Book binder, Printer, etc., and not simply, as in some cases, painter, molder, turner, or other generic designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money drawn, as follows:

Farmers—those who operate a farm either for themselves or others.

Farm laborers—those who work on a farm for the man who operates it.

Ships' companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Alien-arrivals to pass through land out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 5. Able to read and write.—Column 5 is subdivided and the entries thereon should be either Yes, Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.

Column 6. Nationality.—Column 6 should be construed to mean the country of which the alien is a citizen or subject.

Column 7. Race of people.—The entry in column 7 should show the race or people as given on the reverse side of alien passport.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearance on manifest does not necessarily mean "French" by race; people and nations are often appearing on a manifest from the same country, as, for example, "Polish" immigrants. Aliens who are Irish, German, or Italian by race, but who are citizens of the United States, or of some other country, by nationality, in this connection the following distinctions should be specially observed:

The term "German" refers to the Teutonic people, not Negroes.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

"Central American" refers to the people of Central and South America of Spanish descent.

AFRICAN NEGRO.

African, Black, refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, European Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN NORTH.

The people who are native to the basin of the River Po, and northern Italy, or to some portions of Piedmont, Lombardy, Veneto, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or other countries, should be classed as Italian north. Most of these people speak a dialect distinct from the Italian language.

ITALIAN SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, and to some portions of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendents, should be classed as Italian south.

Column 8. Last permanent residence.—The entries in column 8 should show the country of last permanent residence. It is important for statistical purposes that Spanish, Japanese, and other countries of last permanent residence independent of country of temporary residence, and foreign, be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9. Final destination.—The entry in column 9 should show definitely the place, city or town of final destination.

Column 10. Whether having a ticket for such final destination.—The entry in column 10 should be either Yes, ticket in possession; or No, no ticket.

Column 11. Health when in possession of ticket.—The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, stevedore, company, etc.

Column 12. Whether in possession of money, and if less, how much.—The entry in column 12 should give in each case, individual or family, the exact amount of money shown.

Money brought by the family should not be divided among the several members of the family.

Column 13. Whether ever before in the United States, and if so, when and where.—The entry in column 13 should show whether or not, Yes or No, in the United States, before, and if so, the year or years, and place, and place, as, for example, Philadelphia.

Column 14. Country of birth.—The entry in column 14 should show the country of birth, and if the alien is a native-born citizen, the entry in column 14 should show a native-born citizen, and if so, what relative or friend, with name and complete address.

Column 15.—The names of these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. The entry in column 2 should be either M, male, or F, female.
Column 3. The entry in column 3 should be either M, married, or S, single, or W, widowed, or D, divorced.
Column 4. The entry in column 4 should describe the occupation, trade, or profession of each alien in plain, as for example, Civil engineer, stationary engineer, locomotive engineer, miner, engineer, iron polisher, steel polisher, iron molder, wood turner, etc., and not simply assembler, polisher, molder, turner, or other indefinite designations.
Column 5. A distinction should be made between *farmers* and *non-farmers*, regardless of the amount of money shown, as follows:
Farmers—Those who operate a farm, either for himself or others.

Column 8. The *last* and *first* of column 8 is subdivided and the entries therein should be either Yes, Yes can read and write, No, No can neither read nor write, or Yes, No, can read but not write.

The distinction should be carefully observed.

Abstract. We consider the problem of finding the maximum likelihood estimate of the parameters of a multivariate normal distribution, given a set of observations. The problem is solved by using the method of moments. The maximum likelihood estimate is shown to be unique and to be the solution of a system of equations. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1.—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2.—The entry in column 2 should be either M (male) or F (female).
Column 3.—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4.—The entry in column 4 should describe, as accurately as possible, the occupation, trade, or profession of each alien arrival, as for example: (Civil) engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as craftsman, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
A *farmer* is one who operates a farm, either for himself or others.
A *farm laborer* is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Aliens intending to pass through and out of the United States should be recorded under heading "occupation as of transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "transients," under head of occupation.
Column 5.—The entry in column 5 is subdivided and the entries therein should be either Yes, Yes can, and write, No, No can, neither read nor write, or Yes, No, can read but not write.
Column 6.—The entry in column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7.—The entry in column 7 should show the race or people as given in list of reverse side of alien manifest.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully checked by inspectors and registry clerks in this regard. For instance, a French appearing on a manifest does not necessarily mean French, by race or people and nationality. "French" appearing on a manifest does not necessarily mean French, by nationality. An alien who is first, French, or Italian, or Italian by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

The term "Caucasian" refers to the Caucasian people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Chinese and Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish race.

AFRICAN-AMERICAN.

"African-American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, European Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN-NORTH.

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants, should be classed as "Italian-North." Most of these people speak a dialect of the Italian language.

ITALIAN-SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian-South."

Column 8.—The entry in column 8 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9.—The entry in column 9 should show definitely the place, city or town, of final destination.

Column 10.—The entry in column 10 should show definitely the place, city or town, of final destination.

Column 11.—The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12.—The entry in column 12 should show definitely the place, city or town, of final destination.

Column 13.—The entry in column 13 should show definitely the place, city or town, of final destination.

Column 14.—The entry in column 14 should show definitely the place, city or town, of final destination.

Column 15.—The entry in column 15 should show definitely the place, city or town, of final destination.

Column 16.—The entry in column 16 should show definitely the place, city or town, of final destination.

Column 17.—The entry in column 17 should show definitely the place, city or town, of final destination.

Column 18.—The entry in column 18 should show definitely the place, city or town, of final destination.

Column 19.—The entry in column 19 should show definitely the place, city or town, of final destination.

Column 20.—The entry in column 20 should show definitely the place, city or town, of final destination.

ITALIAN SOCIETY

The people whose names are on the banks of the River Po in northern Italy are, as a rule, not particularly "Protestant" looking. They are tall and blond and have the characteristics, whether in Italy, Norway, or America, of the "Protestant" race. As a rule, they are not "Protestant" in religion. Most of these people speak a Gallic dialect of the Italian language.

The people were as native to that portion of Italy south of the basin of the River Po as the sympathizers of Liguria. They saw the Masses, Luni, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia.

The entries in column 10 should show the percentage of first permanent residents. It is important for statistical purposes that the sample computers accurately show country of first permanent residence independent of country of birth.

Albatross, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 29 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1—Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2—Sex. The entry in column 2 should be either M (male) or F (female).

Column 3—Married or single. The return in column 3 should be either M (married) or S (single). Wid. (widowed) or D (divorced).

rate, as possible, the occupation, trade, or profession of each individual, as for example, Civil engineer, Stationer, Engineer, Instructive, Painter, Learning, Engineer, Brass polisher, Steel polisher, Stonemason, Wood turner, etc., and not simply as Engineer, polisher, mason, turner, or carpenter trade designations.

A distinction should be made between *travellers* and *tour operators* regardless of the amount of money shown, as follows:

A *traveller* is one who operates a *tour*, either for himself or others.

A *tour operator* is one who arranges a *tour* for others.

Stranishko companies should make this distinction on the manifest and correction should be made if necessary by inspectors and registry clerks during the personal examination of ship arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for temporary sojourn in the United States but not intending to pass through in transit should be classed as "tourists" under head of occupation.

Yes. No. can read but not write.

² *Citizenship* = *Nationality* = *Citizenship*. It should be construed to mean the country of which a person is a citizen or subject.

Column 1: Race or people. The entry in column 9 should show the race or people as given on the reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifest all to be carefully reviewed by inspectors and registering clerks in this regard. For instance, "Ethiopian" appearing on a passport should not be taken to mean "black."

France, appearing on a manifest does not necessarily mean "French" by race or people, similarly, French, appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might propose to come under the heading of United Kingdom, or any other country by nationality. At this connection, the following distinctions should be especially observed:

The term *crustacean* refers to the crustacean phylum and Neopossessors

*West Indian - refers to the people of the West Indies rather than Caribbean.

1900-1901. Average. *Refers to the combined Chinese and Japanese.*

Journal of Interpersonal Violence 26(10):1991-2004

"African-black" refers to (1) African Negro, whether coming from interior or island (related to West India, North or South American Islands or Africa). Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

The people who are native to the basin of the River Po, in northern Italy, are called *partimontes* (Piedmontese, Lombardy, Veneto and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, etc., are of necessity, should be called as "Italian" north. Most of these people speak Gallo-Italian language.

The people who are native to that portion of Italy south of the basin of the River Po are, comparatively speaking, the same as the Maritimes, Piccola Roma, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descentants should be classed as Italian, south.

columns. The last permanent residence. The criterion solution is should show the country and why you live in last permanent residence. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1.—The person of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2.—The entry in column 2 should be either M (male) or F (female).
Column 3.—Married or single. The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4.—Occupation or profession. The entry in column 4 should describe, as accurately as possible, the occupation, trade, or profession of each alien arrival, as for example: Chief engineer, stationery engineer, locomotive engineer, machine engineer, brass polisher, shoemaker, cooper, painter, wood turner, etc., and not simply an occupation, painter, miller, turner, or shoemaker.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown in column 5.
Column 5.—The person who operates a farm, either for himself or others.
Column 6.—The person who works on a farm for the man who operates it.
Ships' companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Aliens coming of pass through and out of the United States should be recorded under head of "company" in transit. Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "company" under head of "company."
Column 7.—The person of age in column 7 should be either M (male) or F (female), and the entries thereon should be either Yes, Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.
Column 8.—The person of age in column 8 should be either M (male) or F (female).
Column 9.—The person of age in column 9 should be either M (male) or F (female).
The entries in column 9 should show the race or people to which each alien belongs, as given in the list of races or peoples on page 11 of this manual.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, a person appearing on a manifest as "Polish" is race or people, not nationality. A person appearing on a manifest as "German" is race or people, not nationality. An alien who is Irish, German, or Italian by race might properly be classed under the heading of United Kingdom, Germany, or Italy, respectively, in the manifest, but his race should be specially described.

The term "Negro" should be used for the African Negroes.

White, Italian.

West Indian, Chinese, Japanese, etc.

Chinese, Japanese, etc.

Spanish, American, etc.

AFRICAN NEGRO.

African, Black. Refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po, in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak Italian dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Toscana, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, who should be classed as "Italian (South)."

Column 10.—Last permanent residence. The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that ships' companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11.—Final destination. The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12.—Whether having a ticket to each port of destination. The entry in column 12 should be either Yes (ticket), or No (no ticket).

Column 13.—City where was passing, paid. The entry in column 13 should show definitely the city where was passing, paid, as self, husband, father, brother, or other relative, friend, shipowner, company, etc.

Column 14.—Whether in possession of \$20 and if how has been used. The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15.—Whether ever before in the United States, and if so, when and where. The entries in column 15 should show whether or not Yes or No in the United States, before, and if so, the date or period of years, and place, as 1894 St. Philadelphia.

Column 16.—Relative to each other. The entries in column 16 should show, in each case, the relationship of each alien to the head of the family, or to the person whose name is given in column 13, as father, mother, son, daughter, brother, sister, etc., and if so, what relative of friend, with name and complete address.

Column 17.—The answers in these columns are subject to revision by any inspection officer in the examination of files.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Master of the Ship from Italy do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 24 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

I, Carlo Giarano Surgeon of the Sailing Ship do solemnly, sincerely, and truly swear that I have had Seven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the University of Naples and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 24 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1.—Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2.—Sex. The entry in column 2 should be either M, male, or F, female.

Column 3.—Married or single. The entry in column 3 should be either M, married, or S, single. Widowed women should be marked S.

Column 4.—Profession or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien as well as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as emigrant, polisher, molder, turner, or other indefinite designations.

A distinction should be made between trades and farm laborers, regardless of the amount of money shown, as follows:

Trades—Those who operate a farm, either for himself or others.

Farm laborers—Those who work on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registering clerks during the personal examination of the arrivals.

Aliens intending to pass through and out of the United States should be recorded under local occupation as in transit—those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be labeled as "tourists" under head of occupation.

Column 5.—Can read and write. Column 5 is subdivided and the entries thereon should be: Yes, Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.

Column 6.—Country of birth. Column 6 should be construed to mean the country of which the alien is a citizen or subject.

Column 7.—Race and people. The entry in column 7 should show the race or people as given in the reverse side of alien manifest.

Specifications should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Bohemian" appearing on a manifest does not necessarily mean "Bohemian" by nationality. An alien who is Irish, or Italian, or German, or of any other people, coming under the heading of United Kingdom, or any other country, by nationality, is to be classified as follows: Irish, Italian, German, etc., and the following distinction should be specially observed:

Eastern.—Refers to the East Coast, Europe, and Negroes.

WEST INDIES.

West Indies.—Refers to the people of the West Indies other than the East Coast Negroes.

Central and South America.

Central and South America.—Refers to the people of Central and South America of Spanish

AFRICAN PEOPLE.

African (black).—Refers to the African Negro, whether coming from Cuba or other islands of the West Indies, or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy in northern Italy on the coast, comprising Lombardy, Veneto, and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, comprising Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (South)."

Column 8.—Last permanent residence. The entries in column 8 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, and city or town of temporary residence, particularly of race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as last noted States for country of last permanent residence.

Column 9.—Place of birth. The entry in column 9 should show definitely the place, city or town, of final destination.

Column 10.—Whether traveling to the United States for business or pleasure. The entry in column 10 should be either Yes (travels for business) or No (travels for pleasure).

Column 11.—Whether traveling to the United States for business or pleasure. The entry in column 11 should show whether the alien is traveling to the United States for business or pleasure, and if so, the year or period of years, and place, as, 1894-95, Philadelphia.

Column 12.—Whether traveling to the United States for business or pleasure. The entry in column 12 should show whether the alien is traveling to the United States for business or pleasure, and if so, what relative or friend with whom and complete address.

Column 13.—The return of these columns are subject to revision by any inspection officer in the examination of aliens.

I, Master of the Staples, from Staples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1.—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2.—The entry in column 2 should be either M (male) or F (female).

Column 3.—The entry in column 3 should be either M (married) or S (single).

Column 4.—The entry in column 4 should describe the alien as best, namely, as possible, the occupation, trade, or profession of each alien, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Farmers—Those who operate a farm, either for himself or others.

Farm laborers—Those who do not operate a farm for themselves.

Students, companions, should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be regarded under head of occupation as "transients," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 5.—The entry in column 5 should be "Yes" or "No" and the entries thereon should be "Yes" or "No" and "and why." No "No" can be added and "and why" in "Yes." No "and why" need be given.

Column 6.—The entry in column 6 should be "Country of birth" or "Country of origin." The entry in column 6 should show the race or people as given in the reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race, but "French" by nationality. As alien who is born German or Italian by race might possess a passport of the United States or of another country by nationality, the distinction between race and nationality should be carefully observed.

Column 7.—The entry in column 7 should show the place, city or town of final destination.

Column 8.—The entry in column 8 should show the date of arrival in the United States.

Column 9.—The entry in column 9 should show the date of departure from the United States.

Column 10.—The entry in column 10 should show the date of arrival in the United States.

Column 11.—The entry in column 11 should show the date of departure from the United States.

Column 12.—The entry in column 12 should show the date of arrival in the United States.

Column 13.—The entry in column 13 should show the date of departure from the United States.

Column 14.—The entry in column 14 should show the date of arrival in the United States.

Column 15.—The entry in column 15 should show the date of departure from the United States.

Column 16.—The entry in column 16 should show the date of arrival in the United States.

Column 17.—The entry in column 17 should show the date of departure from the United States.

Column 18.—The entry in column 18 should show the date of arrival in the United States.

Column 19.—The entry in column 19 should show the date of departure from the United States.

Column 20.—The entry in column 20 should show the date of arrival in the United States.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. The entry in column 2 should be either M (male) or F (female).
Column 3. *Married or single.* The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4. *Calling or occupation.* The entry in column 4 should describe, as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, gunsmith, wood turner, etc., and not simply as painter, polisher, miller, turner, or other unqualified designations.
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
A *farmer* is one who operates a farm, either for himself or others.
A *farm laborer* is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.
Column 5. *Can read and write.* Column 5 is subdivided and the entries thereon should be either Yes, Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.
Column 6. *Nationality.* Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7. *Race or people.* The entry in column 7 should show the race or people as given in last names, side of alien manifest.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully passed by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed.

CHINESE.
The term, Chinese, refers to the Chinese people (not Negroes).

WEST INDIES.
West Indies, refers to the people of the West Indies other than Cuba (not Negroes).

CENTRAL AND SOUTH AMERICAN.
Central and South American, refers to the people of Central and South America of Spanish.

AFRICAN (BLACK).
African (Black) refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).
The people who are native to that portion of Italy south of the River Po, i. e., comprising the provinces of Lombardy, Venetia and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the River Po, i. e., comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian (South)."

Column 10. *Last permanent residence.* The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States and are returning from a visit abroad.

Column 11. *Final destination.* The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12. *Whether having a ticket to such final destination.* The entry in column 12 should be either Yes (ticket or No (no ticket).

Column 13. *By whom passage was paid.* The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 14. *Whether in possession of \$20, and if less, how much.* The entry in column 14 should give in each case individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15. *Whether ever before in the United States, and if so, when and where.* The entries in column 15 should show whether or not Yes or No in the United States before, and if so, the year or period of years and place, as 1894 St. Philadelphia.

Column 16. *Going to join relative or friend, and if so, what relative or friend, and if so, what relative or friend, with name and complete address.* The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 19. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationery engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.
Column 5 (Amount of money). A distinction should be made between *foreigners* and *born laborers*, regardless of the amount of money shown as follows:
A *foreigner* is one who operates a farm, either for himself or others.
A *born laborer* is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.
Column 6 (Date of entry). Column 6 is subdivided and the entries therein should be either Yes, No, or not read and write; No, No, or neither read nor write, or Yes, No, or not read but not write.
Column 7 (Nationality). Column 7 should be construed to mean the country of which the immigrant is a citizen or subject.
Column 8 (Race or people). The entry in column 8 should show the race or people as given in list on reverse side of alien manifest.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.
The term "Cuban" refers to the Cuban people, not Negroes.
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than Cuban and Negroes.
SPANISH-AMERICAN.
"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (black).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (South).
The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (South)." Most of these people speak a dialect distinct from the Italian language.

ITALIAN (North).
The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (North)."

Column 9 (Last permanent residence). The entries in column 9 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 10 (Final destination). The entry in column 10 should show definitely the place (city or town) of final destination.

Column 11 (Whether having a ticket to such final destination). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom vessel was procured). The entry in column 12 should show definitely by whom passage was procured, as, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether in possession of \$ and if less, how much). The entry in column 13 should give in each case, individual or family, the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States, and if so, when and where). The entries in column 14 should show whether or not, Yes or No, in the United States before, and if so, the year or period years and place, as, 1894-95, Philadelphia.

Column 15 (Family in United States, and if so, where). The entry in column 15 should show whether the family is in the United States, and if so, where, with complete address.

Column 16. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

The people who are native to that portion of Italy south of the birth of the River Po are the inhabitants of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants should be classed as Italian, south.

Change Last permanent residence. The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that statements on permanent residence country of last permanent residence, independent of country of temporary residence, nationality, or race.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex. The entries in column 2 should be either M. male, or F. female.

Column 3. Marital condition. The entries in column 3 should be either M. married, S. single, W. widowed, or D. divorced.

Column 4. Occupation. The entries in column 4 should be the name of the occupation as far as possible, the occupation trade, or profession of each alien, as for example, Civil Engineer, Stationary Engineer, Domestic Engineer, Tailor, Painter, Brass Polisher, Steel Polisher, Gray Moulder, Wood Turner, etc., and not simply a common Polisher, moulder, turner, or other indefinite designation.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown as follows:

Farmer—One who operates a farm, either for himself or others.

Farm laborer—One who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupations "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5. *Can read and write.* Column 5 is subdivided and the entries thereon should be either Yes, Yes can read and write, No, No can neither read nor write, or Yes-No, can read but not write.

Column 6. *Nationality.* Column 6 should be construed to mean the country of which, modified, a citizen or subject.

Column 7. *Immigrant people.* The entry in column 7 should show the race or people as given on the manifest, or as shown on the manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" as nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In connection the following distinctions should be especially observed:

ITALYAN.

The term "Italian" refers to the Italian people, not Negroes.

WEST INDIAN.

"West Indian" includes the peoples of the West Indies other than Cuba and Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish race.

"African-Black" refers to the African Negro, whether coming from Cuba or other island-state West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALYAN-NORTH.

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian-North." Most of these people speak Italian dialects of the Italian language.

ITALYAN-SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian-South."

Column 8. *Last permanent residence.* The entries in column 8 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States citizens of last permanent residence.

Column 9. *Last destination.* The entry in column 9 should show definitely the place, city, or town of final destination.

Column 10. *Whether having a ticket for such final destination.* The entry in column 10 should be either Yes or No, or No ticket.

Column 11. *By whom passage money paid.* The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 12. *At what time, place, and how much.* The entry in column 12 should give in each case, individual or family, the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 13. *Whether ever before in the United States, and if so, when and where.* The entries in column 13 should show whether or not, Yes or No, in the United States before, and if so, the year, or period of years, and place, as 1894-95, Philadelphia.

Column 14. *Reason for coming to United States, and if so, what relative or friend.* The entries in column 14 should show whether going to join other relative or friend, and if so, what relative or friend, with name and complete address.

Column 15. *Comments.* The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

There is a common belief that the word "show" is used in the majority of cases to mean "display" or "exhibit" and that it is only in a few cases that it means "to make known" or "to reveal". This is not true. The word "show" is used in many different ways and its meaning is often determined by the context in which it is used. For example, in the sentence "He showed me the way to the station", the word "show" means "to lead" or "to guide". In the sentence "He showed me the way to the station", the word "show" means "to lead" or "to guide". In the sentence "He showed me the way to the station", the word "show" means "to lead" or "to guide".

Money brought to the head of a family should not be divided among the several members of the family.

It is a very common error to divide property and time unwisely where.

The mistake is corrected, it should be well understood. Now is Now in the United States.

WEST INDIAN.
 "West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

Column 16—*Going to live in contact with and if so what relative or friend.* The entry in column 16 should show with what home he can either a relative or friend; and if so, what relative or friend with name and home to address.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Francisco Abianiz, of the BUENOS-AIRES from Shaples do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 9 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. Sex. The entry in column 2 should be either M, male, or F, female.
Column 3. Married or single. The entry in column 3 should be either M, married, or S, single, Wid, widowed, or D, divorced.
Column 4. Occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example, Civil Engineer, Stationary Engineer, Locomotive Engineer, Mining Engineer, Brass Polisher, Steel Polisher, Iron Molder, Wood Turner, etc., and not simply as machinist, polisher, molder, turner, or other indefinite designations.
Column 5. Amount of money. A distinction should be made between *carriers* and *train laborers* regardless of the amount of money shown, as follows:
Carrier is one who operates a train, either for himself or others.
Train laborer is one who works on a train for the man who operates it.
Steamship companies should make this distinction on the manifests, and correction should be made if necessary, by inspectors and registry clerks, during the personal examination of alien arrivals.
Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." These include only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.
Column 6. Birth place and date. Column 6 is subdivided and the entries therein should be either Yes—Yes can read and write—No. No can neither read nor write—Yes. No can read but not write.
Column 7. Nationality. Column 7 should be entered to mean the country of which the alien is a citizen or subject.
Column 8. Race or people. The entry in column 8 should show the race or people as given in the reverse side of alien manifest.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew, or race might properly come under the heading of United Kingdom, or any other country in nationality. In this connection, the following distinctions should be especially observed:

- AFRICAN.** refers to the African people, not Negroes.
- WEST INDIAN.** includes the people of the West Indies other than Cuban, not Negroes.
- CUBAN.** refers to the people of Central and South America of Spanish blood.

AFRICAN PEOPLE.
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.
ITALIAN—NORTH.
The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak the dialect of the Italian language.
ITALIAN—SOUTH.
The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Toscana, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian (south)." The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies carefully show country of last permanent residence independent of country of temporary residence, nationality, or race.
Aliens whose permanent residence is the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.
Column 9. Final destination. The entry in column 9 should show definitely the place, city or town of final destination.
Column 10. Whether having a ticket, ticket paid, or no ticket. The entry in column 10 should be either Yes (ticket) or No (no ticket).
Column 11. By whom was passage paid. The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.
Column 12. Whether in possession of \$5, and if less, how much. The entry in column 12 should give in each case individual or family the exact amount of money shown.
Money received by the head of a family should not be divided among the several members of the family.
Column 13. How long in the United States, and if so, when and where. The entry in column 13 should show whether or not, Yes or No in the United States, before and after the year 1900, and if so, when and where.
Column 14. Whether in possession of a passport, and if so, when and where. The entry in column 14 should show whether or not, Yes or No in the United States, before and after the year 1900, and if so, when and where.
The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter applying only in case of infants 1 year of age.

Column 2. Sex. The entry in column 2 should be either M. (male) or F. (female).

Column 3. Married or single. The entry in column 3 should be either M. (married), S. (single), W. (widowed), or D. (divorced).

Column 4. Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupations "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5. Birthplace and birth. Column 5 is subdivided and the entries therein should be either Yes. Yes can read and write. No. No can neither read nor write. or Yes. No can read but not write.

Column 6. Nationality. Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7. Race or people. The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Italian, by race, might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN NEGRO.

"African, black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, European Africa. Any alien whose "appearance" indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Romagna, the Abruzzi, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)." **Column 10. Last permanent residence.** The entries in column 10 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens whose permanent residences of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11. Equal destination. The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12. Whether bringing a ticket to such final destination. The entry in column 12 should be either Yes (ticket) or No (no ticket).

A *farm laborer* is one who works on a farm for the man who operates it.
Steamship companies should make this distinction of the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Affidavit of Surgeon.

Julio Gerald Surgeon of the **BUENOS-AIRES**, do solemnly, sincerely, and truly declare that I have had *eleven* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *University of Cordoba*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, *21* in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this *11* day of *Nov*, 190*0*

Immigration Officer.
*State whether Surgeon "sailing therewith" or "employed by owners thereof," as the case may be.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The nature of age in column 1 should be expressed in years or months; the latter applies only to those under 1 year of age.
Column 2. Sex. The entries in column 2 should be either M (male) or F (female).
Column 3. Marital or social condition. The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4. Calling or occupation. The entry in column 4 should describe, as accurately as possible, the occupation, trade, or profession of each alien, arrived as follows: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as "engineer," "polisher," "molder," "turner," or other indefinite designations.
A distinction should be made between *turners* and *iron balancers* regardless of the amount of money shown as follows:
1. *Turner* is one who operates a lathe, either for himself or others.
2. *Iron balancer* is one who works on a lathe for the turn, who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.
Column 5. Able to read and write. Column 5 is subdivided and the entries therein should be either Yes, Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.
Column 6. Nationality. Column 6 should be construed to mean the country of which manifest is a citizen or subject.
Column 7. Race or people. The entry in column 7 should show the race or people as given on list on reverse side of alien manifest.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "English," "Swiss," or "Irish" does not necessarily mean "English," "Swiss," or "Irish" by nationality. An alien who is Irish, English, or French by race might properly come under the heading of United Kingdom, or a similar country, by nationality. Entries coming under the following distinctions should be specially observed:

- AFRICAN (black).** The term "African" refers to the African people, not Negroes.
WEST INDIAN. West Indian refers to the people of the West Indies other than Cuban and Negro.
EUROPEAN (North). European (North) refers to the people of Central and South America of Spanish descent.

AFRICAN (black). The term "African" refers to the African people, not Negroes other than those of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.
EUROPEAN (North). The people who are native to the basin of the River Po north of Italy, i. e., the compartments of Piedmont, Lombardy, Veneto, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria, Germany, or any other country, should be classed as "European (North)." Most of these people speak a dialect of the Italian language.
EUROPEAN (South). The people who are native to the basin of the River Po south of the basin of the River Po, i. e., the compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "European (South)."
Column 8. First permanent residence. The entries in column 8 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.
Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.
Column 9. Final destination. The entry in column 9 should show definitely the place, city or town of final destination.
Column 10. Money. The entry in column 10 should show definitely the place, city or town of final destination.
Column 11. Whether in possession of a passport. The entry in column 11 should show definitely the place, city or town of final destination.
Column 12. Whether in possession of a passport. The entry in column 12 should show definitely the place, city or town of final destination.
Column 13. Whether in possession of a passport. The entry in column 13 should show definitely the place, city or town of final destination.
Column 14. Whether in possession of a passport. The entry in column 14 should show definitely the place, city or town of final destination.
Column 15. Whether in possession of a passport. The entry in column 15 should show definitely the place, city or town of final destination.
Column 16. Whether in possession of a passport. The entry in column 16 should show definitely the place, city or town of final destination.
Column 17. Whether in possession of a passport. The entry in column 17 should show definitely the place, city or town of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 p.—The values of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 1, Sex: The entry in column 4 should be either M (male) or F (female).
Column 4, Marital Status: The entry in column 5 should be either M (married),
 S (single), Wd (widowed), or P (divorced).

Category 1: Craftspeople and artisans. The entry in column 2 should describe, as accurately as possible, the occupation, trade, or profession of each individual, as for example: Civil engineer, stationary engineer, locomotive engineer, tinner, joiner, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money spent, as follows:

1. *Owner* is one who operates a farm either by himself or others.

Students, in particular, should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of documents.

Persons intending to pass through and out of the United States should be classified under head of occupation as "in transit," those coming only from temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists," and head of occupation.

Caution: *Read forward and write.* Column 2 is subdivided and the entries therein should be: Yes, Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.

Comment. — *Nationality*. Column 8 should be construed to mean the country of which member is a citizen or subject.

Special attention should be paid to the distinction between race and nationality, and

Special attention should be paid to the distinction between race and nationality, and manifest labels be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by

France, appearing on a passport does not necessarily mean "French" by race or people, but similarly, French, appearing on a passport does not necessarily mean "French" by nationality. An alien who is Irish, German or Hebrew by race might possibly come under the heading of United Kingdom or any other country by nationality. If this comes from the following distinction should be specially observed:

The term *colored* refers to the Colored people (not Negroes).

WILSON, L. J. 1994

¹⁰ West Indians, like the rest of the people of the West Indies, other than Cuban *not* Negroes.

⁵Although "black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any other whose appearance indicates an admixture of Negro blood should be classified under this heading.

H. VAN NIEPHUIS

The people whose ancestors have lived in the Valley of the River Po in northern Italy since the prepartments of Phoenician, Etruscan, Celtic, and Etrusco-Celtic, and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as Italian north. Most of these people speak a Gallo-dialect of the Italian language.

CHILMAN, S. 1979. 111

The people who are native to that portion of Italy south of the basin of the River Po are the inhabitants of Liguria, Tuscany, and Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendant ants should be classified as "Italian South."

Column 10 (Last permanent residence). The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

*Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States born, country of last permanent residence.

column 1: Final destination The entry in column B should show definitely the place, city or town of final destination.

1) The strength in words should be recorded in this column as follows by destination:

Column 1: *By column 1, yes; by column 2, no; by column 3, no.* The entry in column 1 should be either Yes (ticket) or No (no ticket).

framed, steamship company, etc.

column 41 should give in each case individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

The entries in column 4b should show whether or not Yes or No in the United States before, and if so the year completed, 1 years or 1946 or 1949 Philadelphia.

¹ *A human's standing to you relative to a friend is not so great as that relative to a friend.* The entry in column 16 should show whether a person's standing is relative to a friend, and if so, what relative or friend, with *hamp* and *comp* to be added.

Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."
"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on the back of this sheet.

Stenmish, inspectors should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be processed under the alien occupation law. However, those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "transients" and be handled accordingly.

Column 1: Read and understand. *Column 2:* Read and write. *Column 3:* subdivided and the entries the read should be like: Yes, I can read and write, No, I can neither read nor write, or Yes, No, I can read but not write.

Column 8. *Nationality.* Column 8 should be construed to mean the country of which the person is a citizen or subject.

last name = *last name* people The entry in column 6 should show the race or people as shown on the opposite side of alien manifest.

Second, it should be paid to the distinction between race and nationality, and manifest should be correctly assessed by inspectors and registry clerks in this regard. For instance, a French passport on a manifest does not necessarily mean "French" by European standards, but only a French passport.

THE TERM "COUNTRY" refers to the "high people" (not "No. 1000")

W. H. L. (1841) V. S.

*West Indies refers to the people of the West Indies other than (but not Negroes).

¹ *América* refers to the people of Central and South America of Spanish

The people who go mainly to the sources of the River Po in southern Italy (e.g., communities in Puglia or Campania, Veneto and Friuli) and therefore outsiders, whether they live in Italy or elsewhere? And, if the majority of any other country should be listed as 'Italian' (e.g., Moslems from people speaking Gallo-Italic of the Italian language).

THE AUTHOR'S ADDRESS: 111

The people who inhabit the last portion of land south of the basin of the River Po are descendants of Ligurian, Etruscan, the Marquis, Umbrian, Roman, the Albanian and Moise, Campanian, Apulian, Basilicata, Calabrian, Sicily, and Sardinian, and their descendants should be classed as "Roman" south.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

The following instructions should be carefully read and understood by the Master or Commanding Officer, or First or Second Officer, of every vessel arriving at or departing from a port of call in the United States, and by the Surgeon of every vessel arriving at or departing from a port of call in the United States, in order to insure the correct and complete filling of the Alien Manifests required by law. The instructions are divided into two parts, the first part relating to the filling of the Manifests by the Master or Commanding Officer, or First or Second Officer, and the second part relating to the filling of the Manifests by the Surgeon. The instructions are given in the form of questions and answers, and are intended to be read and understood by the Master or Commanding Officer, or First or Second Officer, and the Surgeon, respectively.

Q. What is the purpose of the Alien Manifests?
A. The purpose of the Alien Manifests is to furnish the Immigration Service with information regarding the arrival and departure of aliens from the United States, and to enable the Service to keep a record of the aliens who are in the United States at any given time.

Q. What is the difference between the Manifests required by the Immigration Service and the Manifests required by the Customs Service?
A. The Manifests required by the Immigration Service are known as Alien Manifests, and are filled out by the Master or Commanding Officer, or First or Second Officer, of the vessel. SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

The information returned on the manifest (Forms Nos. 500-A, and 500-B), so far as it relates to alien arrivals including those in transit and tourists, should be made in accordance with the following classifications. The number of the classification is given in these special instructions and is followed, in parentheses, in all cases, and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation or profession).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of education acquired, or, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, steam fitter, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the one who operates it.

Steamship companies should make the distinction on the manifest and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in list on reverse side of ship manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following instructions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

Spanish-American refers to the people of Central and South American of Spanish descent.

AFRICAN-BLACK.

"African, black" refers to the African Negro, whether coming from Africa or other islands of the West Indies, Northern South America, Europe, or Africa. An alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN-SOUTHERN.

The people whose native to the basin of the River Po in northern Italy, or from parts of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (North)." Most of these people speak a dialect of the Italian language.

ITALIAN-NORTHERN.

The people whose native to that portion of Italy south of the basin of the River Po, or from parts of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (South)." Most of these people speak a dialect of the Italian language.

Column 8 (Last residence).—The entry in column 8 should show the country and city or town of last permanent residence, instead of the province, city, or town.

Column 9 (Place of birth).—The entry in column 9 should show definitely the place, city or town, of final destination.

Column 10 (Whether having a ticket to such final destination).—The entry in column 10 should be either Yes (ticket) or No (no ticket).

Column 11 (By whom passage paid).—The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 12 (Whether in possession of \$20 and if less, how much).—The entry in column 12 should give in each case individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 13 (Whether ever before in the United States, and if so, when and where).—The entries in column 13 should show whether or not (Yes or No) in the United States before, and if so, the year or period of years, and place, as, (1891-92, Philadelphia).

Column 14 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 14 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 15 (In case of family).—The answers in these columns are subject to revision by any inspection officer in the examination of immigrants.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The number of years in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. Sex. The entry in column 2 should be either M (male) or F (female).
Column 3. Married (single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4. Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5. *Can read and write.* Column 5 is subdivided and the entries thereon should be either Yes (can read and write), No (can neither read nor write), or Yes (can read but not write).

Column 6. *Nativity.* Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7. *Race or people.* The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. CUBAN. The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (Black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Emilia, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, also should be classed as "Italian (south)".

Column 8. *Last permanent residence.* The entries in column 8 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9. *Final destination.* The entry in column 9 should show definitely the place, city or town of final destination.

Column 10. *Whether bringing a ticket to such final destination.* The entry in column 10 should be either Yes (ticket) or No (no ticket).

The information returned by the computer is presented in Table A-1 and Table A-2. As far as it relates to the eleven cases, including those in which the computer failed to find a solution, the information is in accordance with the following classification. The only case in which the computer failed to find a solution is the case of the special instance of the 3×3 problem, which is discussed in column 16, by a descriptive term indicating that the problem is unsolvable.

Chlorophyll a ($\text{Chl } a$). This pigment is the most abundant in the photosynthetic system and is involved in the light-harvesting process. It is the primary electron donor in the photosynthetic reaction. The concentration of $\text{Chl } a$ in the culture was determined by measuring the absorbance of the culture at 680 nm. The concentration of $\text{Chl } a$ was calculated using the following equation:

$$[\text{Chl } a] = \frac{A_{680} \times 1000}{2.303 \times \epsilon \times l}$$

where A_{680} is the absorbance of the culture at 680 nm, ϵ is the molar absorptivity of $\text{Chl } a$ at 680 nm ($\epsilon = 11,000 \text{ L mol}^{-1} \text{ cm}^{-1}$), and l is the optical path length (cm). The concentration of $\text{Chl } a$ was expressed in $\mu\text{g mL}^{-1}$. The concentration of $\text{Chl } a$ was determined by measuring the absorbance of the culture at 680 nm. The concentration of $\text{Chl } a$ was calculated using the following equation:

$$[\text{Chl } a] = \frac{A_{680} \times 1000}{2.303 \times \epsilon \times l}$$

where A_{680} is the absorbance of the culture at 680 nm, ϵ is the molar absorptivity of $\text{Chl } a$ at 680 nm ($\epsilon = 11,000 \text{ L mol}^{-1} \text{ cm}^{-1}$), and l is the optical path length (cm). The concentration of $\text{Chl } a$ was expressed in $\mu\text{g mL}^{-1}$.

It is important to note that the above-mentioned results are not in contradiction with the results of the studies of the effect of the concentration of the solution on the rate of the reaction. In the case of the reaction of the solution of the monomer with the solution of the initiator, the rate of the reaction increases with the increase of the concentration of the solution of the monomer. In the case of the reaction of the solution of the monomer with the solution of the initiator, the rate of the reaction increases with the increase of the concentration of the solution of the initiator.

Abstract. We study the asymptotic behaviour of the solutions of the Dirac equation in the exterior of a rotating black hole. The asymptotic expansion of the solutions at null infinity is obtained by means of the method of matched asymptotic expansions. It is shown that the solutions exhibit logarithmic growth at late times, which is characteristic of the superradiant instability of the Kerr solution.
